Description:

Luštica Bay offers world-class properties which enjoy the luxury of untouched natural beauty and unobstructed sea views.

The resort's village developments provide vitality and an ideal setting for apartments that cater to those seeking direct access to a mix of uses.

All apartments work within the hillside setting and have convenient connections to the resort's transportation systems, shops and restaurants, public spaces and the waterfront.

With communal pools, ample outside space and stunning sea views, our marina apartments provide portside living at its very finest – each finished to echo the existing architecture of the area.

Available as studio, one-, two- and three-bedroom homes, we currently offer F and G style properties for purchase. Known collectively as Marina Heights, these offer access to a vibrant coastal community – a lively neighborhood set in the hills above the marina enjoying a panoramic vista and bountiful green areas.
